

CSWC Operational Period Summary

0600 February 26 to 1800 February 26 2014

SITUATION SUMMARY

SOC / Inland REOC remains activated in support of 2014 Drought

Longer Term Weather Outlook:

The 6 – 10 day outlook (valid March 3 - March 7, 2014) shows the storm systems bringing the current precipitation across much of California moving to the east, with a generally dry period expected for much of the state. The exception will be across northern portions of California where it appears a weak storm system will bring increased probabilities for above normal precipitation for the latter portion of next week.

Southern California Weather:

- **This afternoon through midday Thursday**

Rain was underway along the central coast at midday and will spread into Ventura and Los Angeles Counties mainly this evening and overnight. No significant impacts outside of the typical slick roadways and minor clogged storm drains are expected tonight through midday Thursday

-

Late Thursday night through Saturday evening.

This will be the strongest storm in three years (March 2011). Main impacts will be the potential for heavy downpours in and near thunderstorms. This could lead to mud and debris flows near recent burn scars (Colby and Madison in particular), and urban flooding of roadways and drainage systems Friday through Saturday. Runoff is expected for small streams and river systems given the expected rainfall totals. Heavy, wet snow accumulations above 6000 feet on Friday and Saturday could lead to road closures or chains required on vehicles. In addition, gusty winds to 60-65 mph in the mountains could result in reduced visibilities due to fog and/or blowing snow.

SITUATION SUMMARY (Cont.)

Northern California Weather:

This first system will bring scattered strong and possibly severe thunderstorms to the area tonight into Thursday morning. The thunderstorms will likely produce hail and heavy rain with strong winds also possible. Right now, the area were looking at for weak tornado development Thursday morning is from the Delta through the Sacramento and northern San Joaquin valleys. Snow amounts up to a foot above 6000 feet with lesser amounts down to 4500 feet.

Active Weather Watches and Warnings

- High Wind Warning in effect from Thursday evening through Friday afternoon for the Kern County Mountains and the Grapevine
- High Wind Watch in effect from Thursday evening through Saturday afternoon for areas of Santa Barbara County
- Winter Storm Watch in effect from late Thursday night through Saturday afternoon above 6000 feet for areas of Fresno, Madera, Mariposa, Tuolumne and Tulare Counties
- Winter Storm Watch in effect from late Thursday night through Saturday afternoon above 6000 feet for areas of Inyo County
- Winter Storm Watch in effect from Friday morning through late Saturday night for areas in San Bernardino and Riverside Counties
- Winter Storm Watch in effect from late Thursday night through Saturday night for areas of Ventura and Los Angeles Counties
- Flash Flood Watch in effect from late Thursday night through Saturday afternoon for the San Bernardino, Riverside and San Diego County Mountains

SITUATION SUMMARY (Cont.)

Operational Area Status for Rain Event February 28 – March 2, 2014:

- **Southern REOC**

Planning to activate Level 2 – Thursday 0800 – 1700

Planning to activate Level 2 – Friday, Saturday, and Sunday 0600 - 1800

- **Los Angeles County Planned Evacuations For Forecasted Heavy Rains**

* The Los Angeles County EOC is activating at Level II Friday, February 28 – Sunday, March 2, 2014 from 6:00 am – 6:00 pm. OEM is requesting staff to assist the County EOC for the REOC/State Liaison.

* A voluntary evacuation notification was sent to 739 residences in the Colby Fire burn area near Glendora at 1200 today, February 26, 2014 due to anticipated debris flows. This same area will be under a mandatory evacuation beginning at 1200 tomorrow, February 27, 2014.

- An evacuation center has been established at Crowther Teen Center located at 241 West Dawson Avenue, Glendora.

- **Los Angeles County Expected Proclamation**

Cal OES is expecting to receive a Proclamation for a State of Emergency in Bouquet Canyon located near Santa Clarita that was passed yesterday, February 25, 2014 by the Los Angeles County Board of Supervisors. Local residents' well water levels have dropped due to silt buildup in Bouquet Creek. Recent fire and storm events have increased sediment deposits in Bouquet Canyon Creek reducing its flood carrying capacity. The reduced flood carrying capacity minimized the recharge to groundwater wells which are the sole source for potable water for approximately 150 properties in the area.

SITUATION SUMMARY (Cont.)

- **Hazardous Material Spill 14-1168, Impacting I-40 Barstow Area, San Bernardino County:**
Two southbound and two northbound lanes of I-40 has been reopened, at mile post marker 47, in the Barstow Area, that were closed due to a previously overturned big rig. Incident Command was initiated and is being maintained by CHP personnel.
- **Monterey County Proclamation Due to the Forecasted Series of Storms:**
Monterey County has proclaimed the existence of a local emergency due to a series of storms and related weather events, commencing on or about February 26, 2014 continuing through Sunday, March 2, 2014 causing flooding, mud and debris flow in areas extremely vulnerable to these threats due to post Pfeiffer Fire wildfire in December 2013. Immediate action is necessary to mitigate the effects of the local emergency; and this emergency does not permit delay from competitive solicitation to let contracts for bids. No state assistance is being requested and no Governor's Proclamation is being requested. Cal OES Coastal Region is dispatching staff to Monterey County to identify needs and provide necessary resource support from the State.

Precipitation Forecast

Forecast Precipitation Today-4AM Monday, March 3rd, 2014

WEATHER

Outlook for Snow Potential from 26 February through 1 March, 2014:

Wednesday into Thursday

Our first storm is relatively quick from late Wednesday afternoon into Thursday morning, with a burst of particularly heavy precipitation likely from roughly midnight to sunrise early Thursday morning. Snow levels will drop rapidly to between 5000-5500 feet by daybreak Thursday. Forecast confidence is medium to high with this first storm -- with the main uncertainty being the timing of the snow level drop. That could fluctuate by several hours.

Friday into Saturday Morning

This storm will take the brunt of its heavy rain/snows into southern California but we'll still likely get some decent snows out of this especially south of Hwy 50 and into Mono Co. The Mammoth area may pick up some significant snows. Snow levels may drop to near 5000 feet at times, especially Friday morning, but overall 5500-6000 feet is the most likely level. Forecast confidence is medium -- the main uncertainty is how far north the heavy snows will get (the snow forecast for the Tahoe area is a little less predictable with this storm).

Snow Levels:

- Northern Mountains: Lowering to 5000 feet by tonight.
- Central and Southern Sierra: 6000-7000 feet tonight, then falling to 5000 – 6500 feet Friday
- Southern Mountains: 6500 – 7500 feet Thursday, lowering to 5000 – 5500 feet by Friday Night.

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily. The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed. The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

Operational Area Status for Rain Event February 28 – March 2, 2014

- **Southern REOC**
Planning to activate Level 2 – Thursday 0800 – 1700
Planning to activate Level 2 – Friday, Saturday, and Sunday 0600 - 1800
- **Los Angeles County EOC Activating For Forecasted Heavy Rains / Planned Evacuations**
Due to the forecasted heavy rains in the Los Angeles area, including the Colby Fire burn area near Glendora, the Los Angeles County Emergency Operations Center (CEOC) plans to activate at Level II starting Friday, February 28th – Sunday, March 2, 2014 from 6:00 am – 6:00 pm. The Los Angeles County Office of Emergency Management is requesting staffing to assist the CEOC for the REOC/State Liaison

SIGNIFICANT EVENTS / ACTIVITY

Cal EOC Incident – 2014 Drought

Situational Summary: (No change)

- The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State for several months. Negative economic impacts will also result. The Governor has established a Drought Task Force to prioritize State actions needed to address these conditions. Governor Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for these drought conditions. The State Operations Center (SOC) is activated to implement objectives in support of the Governor's priorities.
- Many local jurisdictions have enacted water conservation measures. The Office of Emergency Services is in close contact with counties and local officials to monitor the water conditions, agriculture and economy.
- As a result of the drought DWR has informed the customers of the State Water Project (SWP) that deliveries in 2014 will be discontinued if current dry conditions persist. Deliveries to agricultural districts with long-standing water rights in the Sacramento Valley may be cut 50 percent (the maximum permitted by contract) depending upon future snow survey results. Storage in key reservoirs now is lower than at this time in 1977, one of the two previous driest water years on record. While additional winter storms may provide a limited boost to reservoir storage and water deliveries, it would need to rain and snow heavily every other day from now until May to get us back to average annual rain and snowfall. The allocation may change depending on future storm events.

Cal EOC Incident – 2014 Drought (Cont.)

Current Conditions:

Recent Precipitation: Precipitation totals (in inches) for the 24 hour period February 25 to February 26 are below:

Precipitation Totals (inches)	2/25 – 2/26/2014 24 hour total
Folsom Dam: 0.00"	Pollack Pines: 0.00"
Fresno: No data	Redding: 0.24"
Hetch Hetchy Reservoir: 0.06"	Sacramento: 0.10"
Los Angeles: No data	Shasta Dam: 0.44"
Modesto: No data	Willits: 0.56"
Oroville: 0.20"	

Cal EOC Incident – 2014 Drought (Cont.)

Current Conditions:

Near-term Outlook for Precipitation:

A prolonged series of storms is expected to reach California this week, with almost all areas of the state likely to benefit from precipitation. The first storm is projected to reach the north coast late Tuesday and spread across the state by Wednesday. Heavy snowfall from this storm is expected above 4,000 to 6,000 feet. A second, wetter storm is likely to sweep across the state late Thursday through early Saturday. A third storm is possible later in the weekend.

Longer Term Outlook:

The 6-10 day outlook (valid March 2 - March 6, 2014) indicates increased probabilities for above normal temperatures across all of California, and increased probabilities for above normal precipitation across northern California.

** Heavy rain and snow would have to fall throughout California very frequently from now until May to reach average annual rain and snowfall. Even with such precipitation, California would remain in drought conditions, due to low supplies from the two previous dry years.**

DROUGHT MEETINGS

Cal OES Inland Region

The Drought Coordination and Briefing call for Operational Areas, Native American Tribes and the Governor's Office of Emergency Services Inland Region REOC continues to be held at 1100 hours each Monday. Please see below for Drought Meetings from the past 7 days.

- 02/19/14 - Butte County: Paradise had their first Drought Task force meeting on Wednesday evening.
- 02/19/14 - Siskiyou County had a Drought Task force meeting.
- 02/19/14.- San Joaquin County Task Force Management. The Inland Region Field ESC attended the OA Drought Task Force meeting on Wednesday February 19, 2014.

NORTHERN CALIFORNIA

- **Monterey County Proclamation Due to the Forecasted Series of Storms:**

A Proclamation from Monterey County has proclaimed the existence of a local emergency due to a series of storms and related weather events, commencing on or about February 26, 2014 continuing through Sunday, March 2, 2014 causing flooding, mud and debris flow in areas extremely vulnerable to these threats due to post Pfeiffer Fire wildfire in December 2013. Immediate action is necessary to mitigate the effects of the local emergency; and this emergency does not permit delay from competitive solicitation to let contracts for bids. No state assistance is being requested and no Governor's Proclamation is being requested.

SOUTHERN CALIFORNIA

Operational Area Status for Rain Event February 28 – March 2, 2014

Southern REOC

Planning to activate Level 2 – Thursday 0800 – 1700

Planning to activate Level 2 – Friday, Saturday, and Sunday 0600 - 1800

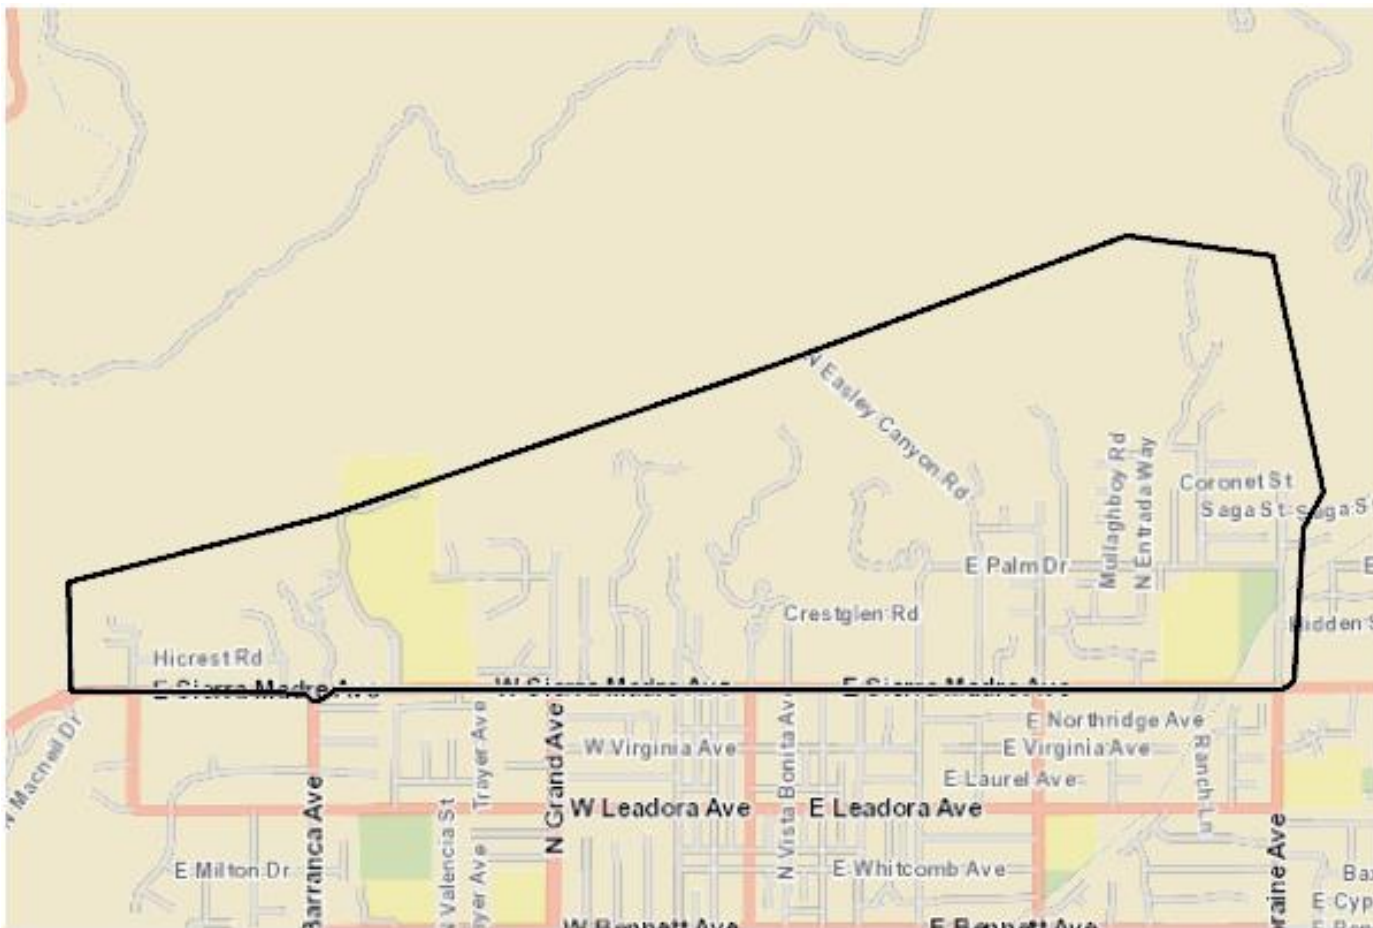

Los Angeles County

The Los Angeles County EOC is activating at Level II Friday, February 28th – Sunday, March 2, 2014 from 6:00 am – 6:00 pm. OEM is requesting staff to assist the County EOC for the REOC/State Liaison.

A voluntary evacuation notification was sent to 739 residences in the Colby Fire burn area near Glendora at 1200 today, February 26, 2014 due to anticipated debris flows. This same area will be under a mandatory evacuation beginning at 1200 tomorrow, February 27, 2014. An evacuation center has been established at Crowther Teen Center located at 241 West Dawson Avenue, Glendora.

Glendora Evacuation Area, Los Angeles County

SOUTHERN CALIFORNIA (Cont.)

Operational Area Status for Rain Event February 28 – March 2, 2014 (Cont.)

- **Imperial County**

Imperial County is not planning to activate their EOC at this time. They are in contact with the NWS and are monitoring the forecast. They have also verified the local duty officers and their contact information, if that is needed. No other activities.

- **Inyo County**

Inyo County does not plan to activate their EOC. There is no need for State assistance at this time.

- **Mono County**

Mono County is not planning to activate at this time and has not requested State assistance.

- **Orange County**

Orange County does not plan to activate at this time. They are in touch with the Public Works DOC. They have had sandbags pre-staged for the season and are ensuring that crews are available to work during the storm period. They will let us know if anything changes.

- **Riverside County**

Riverside County is pre-positioning sandbags and sand to fire stations close to burn areas. No other activities planned. The Riverside County Duty Officer will monitor.

SOUTHERN CALIFORNIA (Cont.)

Operational Area Status for Rain Event February 28 – March 2, 2014 (Cont.)

- **San Bernardino County**

San Bernardino County does not plan to activate their EOC at this time. Caltrans is staffing in all San Bernardino County Mountain areas for the upcoming storm events. OES has provided updated weather and Caltrans preparations to the Fire Chiefs and OES staff. The County OES staff is in contact with the Flood Area Safety Task Force (FAST) and provided SOPs and sandbag information in the event FAST triggers are reached. City/Town EMS staff has been cc'd on the FAST SOPs and sandbag locations.

- **San Diego County**

As of right now, San Diego County is not planning to activate for the storms. The Duty Officer will be monitoring the storms very closely. San Diego County will activate if the situation warrants. The County is making sandbags and sand available to residents. The City of San Diego is also making sandbags available at various fire stations. They sent a press release out with the locations this morning.

- **San Luis Obispo County**

San Luis Obispo does not plan to activate at this time. The Duty Officer will monitor the situation.

- **Santa Barbara County**

Santa Barbara has no plans to activate for the rain.

SOUTHERN CALIFORNIA (Cont.)

Operational Area Status for Rain Event February 28 – March 2, 2014 (Cont.)

- **Ventura County**

Ventura County will be monitoring this weekend at Duty Officer Status; however, if circumstances change and they need to activate, they would like to request a Cal OES Rep in their EOC.

SOUTHERN CALIFORNIA (Cont.)

Hazardous Material Spill 14-1168, Impacting I-40 Barstow Area, San Bernardino County

Per the San Bernardino County Duty Officer, the tanker truck has been moved to an upright position. Two southbound and two northbound lane of I-40 has been reopened.

- **SITUATION OVERVIEW:**

On February 25, 2014, at approximately 2335 hours, all lanes of I-40, at mile post marker 47, in the Barstow Area, were closed due to an overturned big rig. Incident Command was initiated and is being maintained by CHP personnel.

- * The CSWC has made all required notifications.

- * No Access Functional Needs (AFN) issues have been identified, and there has been no request for State assistance.

- * The Cal OES Southern Duty Officer and the San Bernardino County Office of Emergency Services Duty Officer are monitoring this event.

Hazardous Material Spill 14-1168, Impacting I-40 Barstow Area, San Bernardino County. Red mark indicates Ludlow, California and the incident is 9.7 miles west.

CAL OES MISSIONS

Drought Related Missions

2014-Inland-2185 Tuolumne County does not have a water master or any alternative resources to assist in determining the health of their ground water system. The County is requesting state agency expertise to assist with this determination.

Santa Barbara Emergency Management Mutual Aid (EMMA) Request:

Current: [This request has been cancelled.](#)

On Tuesday, February 25, 2014, Santa Barbara County OEM requested an individual resource to fulfill the Planning Section Coordinator in their EOC. The Emergency Management Mutual Aid (EMMA) request specifically asked for a resource from Ventura County OES, if one is available. Tasks include assisting with the development of situation reports and action plans pertaining to drought proclamation. Requested for two days: Thursday, March 6th and March 13th, 2014 from 9:00am to 3:00pm. Specific Skills: Planning Section Expertise. Ventura County is supporting.

New Cal OES Missions

2014-LAW-2346 [Cal OES was notified by International Emergency Rescue Coordination Center \(IERCC\) of a SPOT Device activation in San Diego County. Located the Registered Owner \(R/O\) of a SPOT device who was unsure how to silence the device. Person located sounded device for a M/C accident R/O not involved. Mission Closed.](#)

Ongoing Cal OES Missions

2014-LAW-2289 Los Angeles County requesting California National Guard (CNG) 9th Civil Support Team (CST) for the 86th Academy Awards on Sunday, 3/2/14.

2014-LAW-2275

Current: 2/25/14, 1450 hours Butte County SO contacted the LDO and requested the same resources for Wednesday's Op Period (60 ground searchers and 8 area K-9's). While making contact with providing agencies, Butte cancelled the mutual aid callout for tomorrow citing inclement/unfavorable weather. All resources were cancelled. The decision to renew search operations will be made in the next day or two. All mutual aid that assisted today (Tuesday) has been released to their home stations.

Situation: On 2/23/14 at 1742 hours, Butte County Sheriff's Office requested six area dogs with support personnel to assist in the search for an 81-year-old male with dementia who walked away from his residence between 1000-1200 hours on Saturday, 2/22/14. Cal OES Law Duty Officer (LDO) contacted Cal OES K-9 Coordinator who secured the requested resources. On 2/23/14 at 2310 hours, Cal OES K-9 Coordinator advised an additional 2 trailing K-9's have been secured for the search. As of 2/24/14 at 1738 hours, Butte County has requested 60 ground searchers and Eight (8) area K-9s. Six (6) counties have committed ground resources including Shasta and Marin Counties whom have also committed K9 resources. **Mission Suspended**

Ongoing Cal OES Missions (Cont.)

2014-LAW-2307 California Department of Fish and Wildlife (DFW) has requested California Air National Guard to assist in the movement of equipment and fuel between Farallon National Wildlife Refuge and the mainland. Approximately 3-4 sorties are expected with an HH-60G helicopter any one day between 2/24-28/14 or before 3/15/14. [After receiving the official letter of request from USFWS on behalf of the California DFW, Cal OES LDO has changed the target date of the mission to 2/27/14, the county to Marin as Stinson Beach was Identified as the primary staging area and the resource to an HH-60.](#)

2014-LAW-2258 Placer County Sheriff's Department requesting 2 radio kit's (kit of 14 radios), 1 kit of VHF and 1 kit of UHF, to assist and support a mountain rescue training. Placer SO will pick-up radios on Friday, 02/27/14, for training on the weekend of the 28th and 29th of February.

2014-LAW-2163 The California National Guard (CNG) 95th Civil Support Team (CST) will assist the Dept. of State's Diplomatic Security Detail with planning and executing Joint Hazard Assessment Team (JHAT) Operations for a foreign dignitary's scheduled appearances. As of 2/15/14, mission anticipated to last until 2/25/14.

Ongoing Cal OES Missions: (Cont.)

2014-SOC-2111 Mission is to test the Cascadia Subduction Zone (CSZ) air bridge concept by air transporting 7 passengers from OES and 1 CANG logistics planner on 13 May 2014 from Mather to the State Staging Area (SA) in Redding, to one POD in Del Norte and one POD in Humboldt, to the Redding State SA, and return to Mather. Passengers will discuss actions at the Redding SA and at each OA POD while they are at each location. The air bridge is a critical component to CSZ response and recovery. It is imperative this concept is tested to ensure response teams can be successfully transported into the effected region and the affected Operational Areas' are able to receive aircraft at designated PODs.

2014-LAW-2069 Solano County Sheriff's Department is requesting California National Guard (CNG) tents to support classes and vendor displays at SAREX 2014 (A joint coordination exercise) scheduled for 9/05-07/2014 in Napa County. Setup of requested resources will begin on 9/04/14 and tear down will occur on 9/08. The exact scope of work will be determined as the planning cycle continues. There will also be a request for communications support which may be a combination of CNG and Cal OES Telecommunications resources. Mission number pulled to allow CNG to begin determining what assets may be available to assist. At this time the specifics of the request are deemed "to be determined" (TBD).

Closed Cal OES Missions:

2014-LAW-2297

Current: 2/25/14, 0925 hours Inyo SO advised that a joint decision between Inyo SO and AFRCC to cancel the China Lake Asset was made after the Inyo Ground Team located the victim and was able to stabilize her. They stayed with her during the night and coordinated with CHP to conduct the extraction, which they completed without incident. The victim had suffered a spinal injury and was transported to a local hospital.

Situation: Inyo County Sheriff's Office (SO) requesting air support for an injured female hiker in Inyo County. Cal OES Law Duty Officer coordinating resources. As of 2/24/14 at 1911 hours, Inyo SO has been put in contact with Air Force Rescue Coordination Center to coordinate logistics of rescue efforts. **Mission Closed**

2014-LAW-2295 Santa Cruz County Sheriff's Office (SO) requesting two trailing dogs to assist in the search for a missing 78 year old male in the Capitola area. Cal OES Law Duty Officer coordinating resources. 2/24/14, 2030 hrs. Santa Cruz SO advised the missing person was located alive and well. All mutual aid has been released.

CAL OES DEPLOYMENTS

Cal OES (Updated)

02/26/2014 – Cal OES Coastal Region is dispatching staff to Monterey County. They will work with the county to provide necessary resource support from the State. The major concern is runoff from the recent Pfeiffer Fire.

02/26/2014 - Theresa Gonzales (IA – ESC) deployed to Fresno for a CDFA/Ag Commissioner meeting and is en route to Mather HQ. [Completed.](#)

EMAC Colorado (No change)

2014-SOC-2101 California deployed a Recovery Specialist, Clyde Muraoka, to Colorado as requested via EMAC #510-RR-2388 to assist in flood recovery operations. The coordination process is complete. Personnel have arrived safely and reported for assignment. The deployment began on 2/09/14 with a confirmed demobilization date of 3/12/14.

UPCOMING EVENTS, TRAINING, EXERCISES

Diablo Canyon Power Plant, Rehearsal / Full Scale Exercise

Diablo Canyon Power Plant in San Luis Obispo will be hosting two full scale Hostile Action Based exercises this Spring. A dress rehearsal exercise will be held on April 16, 2014 and a FEMA evaluated exercise will held on May 21, 2014. This is part of the required biennial demonstration of our ability to protect the public from a radiological incident at the nuclear power plant.

2014 Golden Guardian

Planning is currently underway for the Governor's 2014 exercise series. The series will test the *California Cascadia Subduction Zone Earthquake and Tsunami Response Plan* developed by FEMA Region IX and Cal OES

- Logistics Tabletop Exercise - March 5, 2014
- Logistics Rehearsal of Concept Drill - April 2, 2013
- REOC Communications Functional Exercise - March 27, 2014

The Tsunami Warning Communications Test

Live code, activating EAS will be on the North Coast in Del Norte, Humboldt, Mendocino Counties on Wednesday 3/26/14 (between 11:00 and Noon PDT).

- Del Norte County will be asking residents of the community to participate in a full evacuation exercise on March 26th between 1100 – 1300 hours PDT.

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
